The catalogue contains the following:

- Product range
- Colour guide
- Fabric guide
- Print guide
- Brand guide
- Fit guide

"Doing the right thing runs through the heart of everything we do, and that is why we work so closely with our global partners to do what we can to make the world a better place. In 2022, we removed all virgin plastic from our packaging and replaced it with 100% recycled bags. For 2023, we have gone a step further and removed 80% of our packaging completely. Where we cannot remove packaging, we are transferring to 100% certified compostable bags, reducing our environmental impact significantly.

At the heart of our ethos lies the values of family and community. Our product range is designed to allow for expression of identity, giving our customers the canvas to push and explore the boundaries of creativity."
